GUIDELINES:

- \$10,000 will be divided into three scholarships that will be awarded each year in the amount of one \$5,000(Lynn Barta) and two \$2,500 (Jake Kroeger & Rich Cashett) scholarships.
- Applicants must be a child or grandchild of a member of the Nebraska Airboaters Association AND that member must be a continual member in good standing for the previous THREE years OR be a lifetime member. The applicant may also be an actual member of the Association, but must also meet the three year requirement or lifetime member.
- The new guideline was added to avoid the situation when a member joins the year their child or grandchild is a senior and after the scholarship is awarded, the member does not stay active in the Association. This has happened a few times in the past scholarship winners and this new requirement will hopefully keep our membership strong and active. The Web site will be updated with this new information. All other criteria will remain the same.
- Applicant must be a high school student who will be graduating in the spring of 2022 OR a current full time college student.
- Applicants must have taken the boater's safety course and include a copy of the certificate with the scholarship application.
- Applicant must be enrolled in an undergraduate college, university, or trade school for the year 2022-2023.
- The ones that qualify for the Lynn Barta/Mike "Jake" Kroeger or Richard Cashett - Nebraska Airboaters Association Memorial Scholarships must give a presentation in person to the committee on why they deserve the scholarship on the date selected by the Scholarship Committee in person or via video conference/teleconference, etc. if they live out of the area on the date and place selected by the Scholarship Committee.
- Winners will be notified the same day as the interviews after they are concluded and winners selected.
- In addition to the application form, each applicant must submit a copy of their Boater's Safety Course Certificate, a paragraph on what his/her career goals are (location after college, what type of job, etc.), a paragraph about "what Airboating means to me," and One letter of written personal recommendation.
